

## The Holy Spirit: Activating Gods Power in Your Life

Leading evangelist Billy Graham has written an inspiring and thought-provoking work based on his personal quest to understand the most mysterious and difficult aspect of the Trinity. After a discussion with a noted Swiss theologian, Dr. Graham began a study of the Bible to see what is said about the Holy Spirit. As he progressed through his examination, he became concerned by the misunderstanding and even ignorance in some Christian circles concerning the Third Person of the Trinity. The Holy Spirit was written with an eye towards clarifying any misconceptions. Using Biblical passages to illustrate his points, Dr. Graham helps the reader to understand the power of the Holy Spirit and His relevance in everyday life. Thorough, yet accessible, Billy Grahams The Holy Spirit is an intimate look at this cornerstone of faith. Jack Garretts commanding narration will leave listeners with the sense of having a personal conversation with a learned friend.
