

The Powerful Lens of Prophecy: An Eye-Opening Look at the World Around You

ARE WE LIVING IN THE END TIMES? Current headlines, along with recent historical events, provide substantial evidence that end-times prophecy is being fulfilled at an absolutely amazing rate. The prophetic signs are sometimes obvious, such as major events in the Middle East, worldwide economic turmoil, notable shifts in geopolitical policy, and extraordinary signs on earth and in space. At other times, the clues are much more subtle, yet equally astounding to people who know Bible prophecy. After years of study, author Jeffrey Camino has written this friendly, eye-opening book to help you understand Gods prophetic Word about the end times. Ultimately, as you begin to view the world through The Powerful Lens of Prophecy, you will learn how to confidently live with a profound awareness of Gods plan for you personally and for the world generally. This book will help you clearly understand:

- * Why Bible prophecy is more important than ever
- * What Jesus Himself told us about the end times
- * How events in todays headlines are fulfilling prophecy
- * Israels critical role in Bible prophecy
- * The United States role in prophecy
- * How natural disasters relate to the end times
- * Key prophetic signs you should watch for
- * What you should do about what you learn
- * And much more
