

# Dutch Maritime Research, Development And Innovation Expenditure (Dutch Maritime Network Series 1)

Research, development and innovation are key-drivers of the competitive position of Dutch shipping, dredging, offshore, inland shipping, shipbuilding, marine equipment manufacturing, yacht building and naval construction. IOS Press is an international science, technical and medical publisher of high-quality books for academics, scientists, and professionals in all fields. Some of the areas we publish in:

- Biomedicine
- Oncology
- Artificial intelligence
- Databases and information systems
- Maritime engineering
- Nanotechnology
- Geoengineering
- All aspects of physics
- E-governance
- E-commerce
- The knowledge economy
- Urban studies
- Arms control
- Understanding and responding to terrorism
- Medical informatics
- Computer Sciences
