

The Wedding Challenge (Mills & Boon Cherish)

City girl Bea is stranded in the Outback without a shoe shop or department store in sight! At least she's stuck there with a gorgeous man who seems ready for a challenge so to make her stay a little more bearable, Bea sets him three of them! 1. He can't be tempted to have an affair. 2. He's not allowed to fall in love with her. 3. And definitely, under no circumstances, is he to propose marriage! How will a self-respecting bachelor like Chase handle such a challenge? Run like the wind or face it like a man?
