

Today's Technician: Automotive Heating & AC Class/Shop Manual

Today's Technician: Automotive Heating and Air Conditioning, 2E has been updated to include the 2000 ASE Task List. This edition also addresses current Environmental Protection Agency (EPA) requirements, with extensive updates on refrigerants, as well as refrigerant recovery, recycle and reclaim procedures. Discussion of leak testing techniques, including all-new UV coverage, has also been expanded in this edition. To facilitate learning, each chapter includes objectives, a list of key terms, plus ASE-style review questions. Customer Care features highlight the importance of creating and maintaining positive customer relationships case studies, service tips, cautions, and warnings plus additional Job Sheets ensure that readers are prepared for employment in the automotive trade.
