

The Legend of Grey Ghost and Other Tales From the Maine Woods

Spending countless hours in the woods was all an integral part of growing up in rural Maine. Bound within these covers are the true life accounts of two generations: a father and his son. Each of them take turns weaving their stories of family traditions, learning to hunt, and the search for Grey Ghost. The adventures move from E. Bethel to the Albany hunting camp with many stops in between. You will laugh. You will cry. You will escape to a world only a few are privileged to ever know. Join us for that journey!
