

The Treasures of Cocos Island: The Greatest Undiscovered Pirate Treasure of All Time

Did you ever want to dig up a billionaires fortune in treasure? They do exist. I know. One of those treasures is the subject of this book. A book full of adventure, sex, shark attacks, revenge, and all sorts of nefarious characters. And a few genuine heroes. This is a great read. More than that, a book that might well change the direction of your life. Are you happy the way things are going now? Yes? Dont read this book. No? It will help, maybe tremendously. Cocos stands alone even though my book *The Good, the Bad and the Pirate* introduces many of the characters and some of the plot. Be warned, *Pirate* contains very adult only scenes. Not for those under mature adulthood. Actually, *Cocos* is also only for adults, if only for a few very explicit sex scenes. Dont let that put you off. I categorically state in front of witnesses that I have never been ashore on Cocos Island and that this work is a work of fiction. In other words, I aint telling! It is a book that you will never forget!
