

## Tremble: Blind Faith? or Just Blind?

When post modernism seems to be dominant world view; when interest in traditional religion is falling off; when far too many Adventist youth are simply walking away; what could possibly be wrong with getting people excited about spirituality? We can never say we weren't warned. In 1903, Ellen White wrote an urgent letter about the Alpha of Apostasy and rushed it to the mail. Twenty-five hundred miles later, it arrived just in time to head off disaster temporarily at least. She wrote of a dream in the night, a ship in the fog, and iceberg in the way. The vessel was damaged, but it survived the encounter because the Captains command was obeyed. Adventism survived her crisis, too, though at the cost of her right arm and the imposition of the worst evil. Yet, she assured us that the story wasn't over. The omega would follow in a little while. I trembled for our people. Ellen G. White For nearly a century, the idea that the Seventh-day Adventist Church would ever again be troubled and tempted by pantheism strained credulity. It seemed absurd, unbelievable, ridiculous. Nevertheless, the Lord said another test was coming.
