

Trinity in Aquinas

Gilles Emery belongs among the worlds premier theologians of the Trinity. With an introduction by the renowned Dominican Thomist Jean-Pierre Torrell, *Trinity in Aquinas* combines historical erudition and mature speculative insight. In scholarly prose of rare clarity and precision, Emery explores the key themes of Trinitarian theology: divine unity, the Trinitarian character of the divine act of creation, the integration of biblical exegesis and speculative theology, and the filioque, the relationship between divine Trinity.
