

i see peace

Focusing on the very big idea of peace, this small book is compact enough to carry with you wherever you go. Part story book and part guided journal, *i see peace* uncovers the truth about a very real and personal experience of peace and how to create it in our own lives. Award-winning childrens book illustrator/author and educator, Maya Gonzalez uses simple words and even more simple ink drawings to create both a universal and intimate experience of peace. Readers are invited to not only write in the guided journal portion of the book, but to draw or color all over the book. Come play with Maya and learn that peace is often closer than we think.
