

Contemporary Turkish Short Fiction: A Selection (Volume 2)

Aside from the work of a few Turkish writers who have become well known in the West, very little Turkish literature has been translated into English. This two-volume anthology, the largest compilation to date of contemporary Turkish short stories in English translation, aims to fill this gap and introduce an international audience to the depth and range of recent Turkish short fiction. Volume 2 continues with 44 stories by 30 writers.
