

Walter L Marr: Buicks Amazing Engineer

From the late Bev Kimes, noted automotive historian, and Jim Cox is this excellent biography of Buicks brilliant and innovative Chief Engineer, Walter Lorenzo Marr. Deeply committed to valve in head engines and other important elements, Marrs contributions made the Buick one of Americas most desirable automobiles in the early part of the Twentieth Century. Extensively researched and illustrated, this volume is from the wealth of material in the Marr Family archives, and essential for Buick enthusiasts and automotive historians.
