

The Twelve Powers of Man (Winner Classics) (Volume 7)

The Twelve Powers You Already Have
You are not empty. You have spiritual gifts hidden deep inside you. Just like the Hindu concept Chakras, you have 12 powers or energy areas in you: Faith, Strength, Wisdom, Love, Power, Imagination, Understanding, Will, Order, Zeal, Elimination, and Life. You can start using these, some of which are dormant in you, to alter and transform your life and yourself. The book contains deep secrets of this universe from a metaphysical sense, just like what we saw in the movie *The Secret*. Instead of a causal read, give it a serious study and soak yourself in the principles of the book. Read again and again and again. You will see a significant change in your thinking and in yourself.

This book adorns the home library of many people all over the world who want to apply the secret and be in harmony with the laws that govern us, as well as who want to review the timeless and powerful wisdom from the book and apply them for specific needs and wants. Some people have procured first editions of this impactful book. Now let us get a sneak peek:

1. Faith is your belief power in the ability in you to do wonderful things.
2. We grow to be like that which we idealize. Affirming or naming a mighty spiritual principle identifies the mind with that principle; then all that the principle stands for in the realm of ideas is poured out upon the one who affirms.
3. Involution always precedes evolution. That which is involved in mind evolves through matter. Joseph down in Egypt portrays the involution in matter of a high spiritual idea. The spiritual idea attracted other ideas like it (Joseph's relatives), and they greatly multiplied in the land of Egypt. It is estimated that the Children of Israel increased from a few score to at least two millions. This illustrates the fact that spiritual thoughts grow with tremendous rapidity in consciousness when they have Truth as a

nucleus. 4. If you desire a thing, you set in motion the machinery of the universe to gain possession of it, but you must be zealous in the pursuit in order to attain the object of your desire. Desire goes before every act of your life, hence it is good. Scroll Up and Grab Your Copy Today!
