

When Dreams Converge

When the dreams of wealth, power and freedom converge, the nightmares begin. After a dramatic life changing event in the Dominican Republic, Luke, a keen amateur sailor, persuades his wife to abandon their life in England and set to sea to live their dream of freedom. During their voyage they are thrust into a world of crime, terrorism and murder. In a web of deceit and intrigue they are pursued by ruthless criminal organisations. In a plot which covers three continents, who will win and who will lose?
