

Omega Chronicles: Third Millennium AD Warning: Bible-Based Handbook for Survival

OMEGA CHRONICLES THREE TREATISES CONCERNING THE ENDTIMES OF MANS SOJOURN ON EARTH Without question, this book is a brilliant guide to logical belief in Christianity, then an extremely comprehensive tour through Christian prophecy. Will first capably discusses the crystal-pure logic of the Creator plan for man from direct Bible references: Creation, free will, good or evil choice, Redemption, and then a planned ending of our sojourn. Will was a manager of Naval air warfare analysts. He has applied synthesis with clarity to Christian precepts. He capably prepares inquiring minds for reality-based tracking of our future events. WILL HOFFMILL, BS, AE, MBA CAPTAIN, U.S. NAVY, RETIRED Over 10 years in Universities, 25 years intense Bible study Will confirms the previous prophecies by events that have happened. He then describes from future Prophecy what will happen to us soon on Earth. His book is a needed and timely update of prophetic literature that did not predict present world events. Direct Bible references authenticate prophecy description, validating the syntheses and analyses. Means of escaping the Apocalypse are given from Jesus Christs Olivet Discourse.
